- Upfit of shell space for a retail location of a nail, skin and massage studio.
- Features include built-in wall niches, custom pedicure bowls and manicure stations, and high end tile work.
- Utilizing a mix of materials from exposed brick walls, stained concrete, and exposed ceiling work, the spa achieves its goal of a calming space for spa treatments.
- Scope included treatment rooms, waiting area, dressing areas, bathrooms and showers.
- Premium finishes add to the upscale feel of a unique spa center.
