COMPLETION DATE

September 2009

SIZE

18,000 SF

- Temporary sanctuary and children's center on Northstar's 42 acre tract of land. Building consists of an 8,000 SF pre-engineered metal building with a 10,000 SF addition.
- Mashburn was selected after an interview to team with the church's architect to assist with pre-construction planning and coordinate MEP engineering.
- During pre-construction, the team evaluated many different building types and structures for the best approach.
- Project also included the renovation of an on-site 5,300 SF home into a youth center.
