5,000 SF

- Located in a new mixed-use development, this design-build project upfitted a shell space to an upscale sports bar and restaurant.
- The Grille was designed with an open plan to capitalize on the energy and excitement of sporting events. The sports bar features black, mesh-backed chairs, with an outdoor patio area through a garage door.
- A premier focal point in the interior is a giant two wall, black and white panoramic photo mural of Heinz Field that runs along the bar wall.
- Materials and scope included concrete, miscellaneous metals, rough carpentry, GWB assemblies, millwork/ bars, storefront, finishes, mechanical, electrical, plumbing, equipment coordination and grease trap.
